"Made available under NASA sponsorship
in the interest of early and wide dis-
semination of Earth Resources Survey
Program information
for any use made therefrom"

- A. TITLE OF INVESTIGATION: ERTS-A Data as a Teaching and Research
Tool in the Department of Geology
- B. PRINCIPAL INVESTIGATOR/GSFC ID: Donald Grybeck UN 602
- C. PROBLEMS IMPEDING INVESTIGATION: None, however, project was not
planned to be seriously underway until the principal investigator
made a trip to the ERTS Data Center to select imagery after
material had been accumulated to make selection worthwhile. This
trip will probably be made during January of 1973. The graduate
student that will participate in the program also will not begin
work until the Spring of 1973.
- D. PROGRESS REPORT:
- (a) Accomplishments during reporting period: Essentially none. A
limited number of images of the Fairbanks, Alaska area have
been received from NASA; these have been shown widely in at
least 4 different courses and have evoked much interest.
- (b) Plans for next reporting period: The principal investigator
will make a trip to the ERTS Data Center in January 1973. The
final selection, dissemination, and preparation of the mosaics
will then proceed during the Spring of 1973 as this material is
received.
- E. SIGNIFICANT RESULTS: No significant results during this reporting period.
- F. PUBLICATIONS: None
- G. RECOMMENDATIONS: None
- H. CHANGES IN STANDING ORDER FORMS: None
- I. ERTS IMAGE DESCRIPTOR FORMS: None
- J. DATA REQUEST FORMS: None
